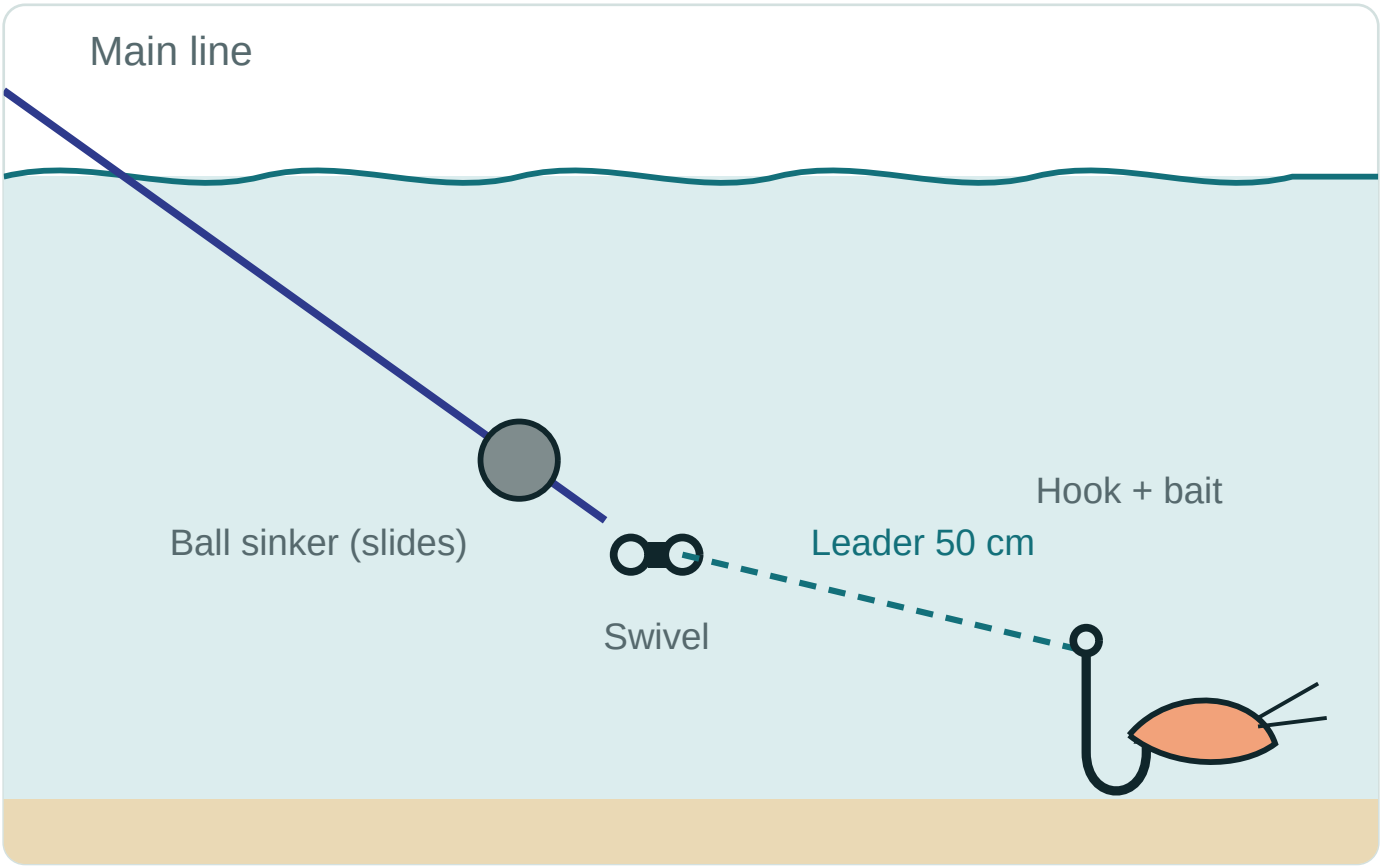
FISHY FRIENDS GUIDE

Running sinker rig

Good for: Bream, Flathead, Whiting, Snapper

The best all-round bait rig. The sinker slides, so a fish can take the bait without feeling the weight.



YOU NEED

Small ball sinker, swivel, 50 cm of leader line, size 4 to 1 hook, bait.

STEPS

1. Thread the ball sinker onto your main line.
2. Tie the main line to one end of the swivel (improved clinch knot).
3. Tie about 50 cm of leader to the other end of the swivel.
4. Tie the hook to the end of the leader.
5. Hide the hook point inside the bait, cast out and let it sink to the bottom.
6. Keep the line just tight. When you feel taps, lift the rod firmly.

KID TIP Watch the rod tip. Little taps mean a fish is nibbling. Wait for a strong pull!

STAY SAFE Point the rod tip away from people when you cast, and look behind you first.
